REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention. Specifically, the closest prior art of record, US 6,699,228 to Chmielewski et al., fails to disclose the supplementary absorbent batt assembly being spaced apart upwardly from the body facing surface of the primary absorbent batt assembly by a height of the barrier cuffs. The attachment of the supplementary absorbent batt assembly to the barrier cuffs such that the supplementary batt is spaced upwardly apart from the primary batt to provide an opening sufficient to receive a large capacity of waste, as described in the present specification on page 21, lines 1-8, and also provides provides improved clearance at the lateral side portions of the pocket, as described on page 13, lines 1-3, of the Applicant Arguments dated 11 September 2007.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
